

Edmonton-Area Home Care Agencies

A community contact list — a starting point for your own calls

Prepared by Community Care Education Society of Alberta · Knowing Your Rights · June 2026

Please read first.

This is a public-source list compiled for community education. It is **not** a government-certified or complete registry, and it does **not** prove any agency's ownership, services, hiring status, languages, faith, CDHCI status, or AHS / Assisted Living Alberta contract status. Community Care Education Society of Alberta does not verify, endorse, certify, or recommend any agency. Always confirm details directly with the agency before deciding.

For the official, always-current CDHCI provider list, ask Alberta Blue Cross for the registered vendor list, or call 1-800-394-1965.

Questions you can ask any agency

You are in charge of the conversation. These are questions you can ask — the answers are yours to weigh.

- Do you provide publicly-funded care through CDHCI (Alberta Blue Cross direct billing), AHS / Assisted Living Alberta contracted care, private pay, or a mix?
- What are your minimum visit hours, your hourly rate, and any weekend or holiday surcharges?
- Can families request a female caregiver for personal care of a female client — is that guaranteed, prioritized, or only where available?
- Which languages can your caregivers support (for example Arabic, Somali, Urdu, Amharic, Afaan Oromo, Punjabi, Hindi)?
- Can caregivers support halal food preferences, prayer times, wudu privacy, and modesty during personal care, if our family requests this?
- How do you handle consistent-caregiver requests, caregiver changes, back-ups, and missed visits?

Agency directory (alphabetical)
